

Drouin Station Car Park

Major works and vegetation removal – March 2022

The Victorian Government's Car Parks for Commuters Program is building new and upgraded parking at stations across the state. This will free up local streets and make it easier for passengers to catch the train. It will also increase safety with improved lighting and CCTV.

Drouin Station commuters will soon benefit from 40 new and upgraded parking spaces. New lighting, CCTV and bicycle parking will be installed to make it safer for commuters and more convenient for people to ride to the station and further ease pressure on car parking.

What to expect?

Works will start from late March and include set up of the construction site, vegetation removal and car park construction. Works are expected to continue for up to six months and be completed by late 2022.

Works will include:

- Set up of temporary fencing for construction around the new car park location on Main South Road
- A site office will be installed to the east of the new car park location.
- Early works will include vegetation removal within the existing and new car park location.
- Major construction works will follow, including ground improvement works, building pavement layers, drainage, asphaltting, line-marking, signage installation and landscaping.
- You may notice some construction noise and activity with vehicles and workers moving around the area
- Temporary traffic management measures may be in place, however, access to your home or business will be maintained at all times.

Works will occur **Monday to Saturday**, between **7.00am** and **6.00pm**, with some weekend and out of hours works required at times.

Vegetation

- Creation of the new car park will require the removal of two shrubs.
- In return the project will plant more than 4000 new plants including trees, shrubs and understory species part of the site reinstatement.

Bicycle Parking Facilities

- 14 new bike hoops will be installed near the station entrance, providing an additional 28 bike spaces.

Health and safety

The health and safety of our workers and the community is our key priority. Our team apply safe physical distancing measures in line with current health advice.

We have strict protocols in place to protect the safety of our team and the public. This includes enhanced industrial cleaning arrangements, providing our team with personal protective equipment, and measures to reduce staff contact, including staggered shifts.
