

Nar Nar Goon Station Car Park

Major works and vegetation removal – March 2022

The Victorian Government's Car Parks for Commuters Program is building new and upgraded parking at stations across the state. This will free up local streets and make it easier for passengers to catch the train. It will also increase safety with improved lighting and CCTV.

Nar Nar Goon Station commuters will soon benefit from 50 new and upgraded parking spaces. New lighting and bicycle parking will be installed to make it safer for commuters and more convenient for people to ride to the station and further ease pressure on car parking.

What to expect?

Works will start from early March and include set up of the construction site, vegetation removal and car park construction. Works are expected to be complete by late 2022.

Works will include:

- Temporary fencing will be set up for construction to begin around the new car park location on the corner of Nar Nar Goon Road & Station Street.
- A work area, including a site office, will be located on Station Street east of the new car park location. See map overleaf.
- Vegetation removal, construction of a temporary car park, installation of permanent fencing and service relocation will take place at the existing car park.
- This will be followed by ground improvement works, building pavement layers, asphaltting, line-marking, installation of signage and landscaping from mid-2022.
- You may notice some construction noise and activity with vehicles and workers moving around the area.
- Temporary traffic management measures may be in place, however, access to your home or business will be maintained at all times.

Works will occur Monday to Saturday, between 7.00am and 6.00pm, with some weekend and out of hours works required at times.

Vegetation

- We are working to reduce tree loss where possible but some trees will still need to be removed from the existing car park.
- Up to 30 new semi-mature trees, as well as over 5,000 seedlings, shrubs and understorey species will be planted as part of landscaping at the end of the project.

Parking Facilities

- 10 new bike hoops will be installed at the new car park near the station entrance providing 20 bike spaces.

Buses replace trains

- From 9pm Wednesday 9 March to 3am Monday 21 March buses will replace trains on the Gippsland line between Traralgon and Southern Cross Station.

During this time access to the station and car park will be closed. Alternative parking and the bus will be located on the corner of Carney and Main Street.

Health and safety

The health and safety of our workers and the community is our key priority. Our team apply safe physical distancing measures in line with current health advice.

We have strict protocols in place to protect the safety of our team and the public. This includes enhanced industrial cleaning arrangements, providing our team with personal protective equipment, and measures to reduce staff contact, including staggered shifts.

For more information and advice about the outbreak of Coronavirus, please visit coronavirus.vic.gov.au

Kind regards,

The Car Parks for Commuters Team
