

Upper Ferntree Gully Station car park

Night Works – September and October 2022

The Victorian Government's Car Parks for Commuters Program is helping deliver 11,000 new and upgraded car parks at train stations across the state. This will free up local streets and make it easier for passengers to catch the train. Upper Ferntree Gully Station commuters will soon benefit from 30 new and upgraded parking spaces, new lighting, CCTV and bicycle parking.

What's happening

We're getting ready to open the car park at Upper Ferntree Gully in the coming months.

To finish the job, we'll be carrying out night works in the new Upper Ferntree Gully Station car park from **6pm to 7am** up to five nights per week from **Sunday 11 September to mid October**, pending weather.

At times, works may be required from **8am to 5pm** on Sundays until mid October.

Due to ongoing poor weather, carrying out these works now will minimise overall disruptions, so we can open the new car park soon.

We appreciate your patience during these works. We will contact directly affected residents with further information and respite packages.

How this will impact you

- These hours will be in addition to our regular working hours of **Monday to Friday** between **7am until 6pm**, and **Saturday** from **7am until 5pm**.
- During night works, there will be noise and vibration from hand tools, construction machinery, and vehicles, including reverse beepers. We will make efforts to mitigate the impact of our activities and, where possible, schedule noisy/disruptive works during the day or earlier in the evening.
- Temporary lighting towers will be in use during night works, where possible the project team will keep light spill to a minimum.
- There will be use of the site offices at night with workers and vehicles moving around the area.

If you would like to speak to a member of the project team about this work, please contact us on the details below.

Kind regards,

The Car Parks for Commuters Team
